Skills

TECHNICAL SKILLS:

R

Stata

Python (pandas)

Excel (pivot tables, XLOOKUP)

Tableau

Survey data cleaning

Work Experience

Undergraduate Research Assistant

Household Finance Research Lab, University of Wisconsin–Madison | 09/2025 – present

- Clean and merge survey waves for a 2,400-household study in R and Stata, 10 hours a week.
- Wrote the lab's data-cleaning script and codebook, now the first task for every new assistant.
- Built 14 charts for a faculty working paper; 9 went into the draft unchanged.

Member Service Representative (part-time)

Isthmus Community Credit Union | 06/2024 – 08/2025

- Opened accounts and processed deposits for 60 to 80 members a shift, balancing the drawer at every close.
- Referred 38 members to loan officers in one summer, the most of any part-time representative.

Education

Bachelor of Science in Economics, Certificate in Data Science, expected May 2028, GPA 3.7

University of Wisconsin–Madison | 09/2024 – 05/2028

Projects

Grocery pricing case, Undergraduate Economics Association case competition

Built the price-elasticity model in Excel for a four-person team; placed second of 22 teams.

Relevant Coursework

Econometrics, Intermediate Microeconomics, Financial Accounting, Programming for Data Science (Python)

Econometrics term paper: rent and commute times across Dane County neighborhoods, using census data.
